

Drop-Off and Pick-Up Procedures

Carver Center is located within a high-traffic, congested area in Towson. We at Carver Center believe it's our responsibility to maintain a safe, cooperative, and respectful drop-off and pick-up environment.

1. The York Road Entrance is ONLY for school buses and students with parking permits to park in the Student Parking Lot.
2. The Kenilworth Drive Entrance is for ALL drop-offs and pick-ups.

When entering the Kenilworth Drive Entrance for drop-off and pick-up please keep the following in mind:

- There is only one lane for drop-off/pick-up.
- Enter and exit the Carver Center driveway in the designated single lane closest to the sidewalk.
- The drop-off zone is from the area closest to the flag poles (look for the *Pick Up/Drop Off Begins Here* sign) to the Gym entrance (look for the *Pick Up/Drop Off Ends Here* sign)
- Keep your student in the vehicle until you have pulled up along the curb *as far as possible*, within the drop-off zone.
- Move along with the line or park in a parking space.
- All drop-off and pick-up occurs within the drop-off zone.
- At no time are students to enter or exit a vehicle in the middle traffic lane, in the parking lanes, or within the entrance of the campus from Kenilworth Avenue.
- At all times follow the instructions of the Carver Center Traffic Monitors.
- Students may enter the building at the Gym Entrance, Main Entrance, or the Dining Hall Entrance.

Everyone has the same very important need to drop-off/pick-up their student(s). Please help us support all Carver Center families and ensure the safety of all Carver Center students during drop-off/pick-up by following these guidelines.
